CASK non-fuel	2.58	2.63	2%	2.69	2.85	6%

Traffic

- **Traveller sentiment improved in Q3 despite continuing volatility in the geopolitical environment.** Foreign visitor arrivals to Türkiye recovered to a flat level YoY from the 5% YoY decline in Q2, while total air passenger traffic increased 3% YoY compared to the 3% YoY contraction in the previous quarter.
- **As Middle East traffic gradually normalized in Q3, Pegasus increased its capacity to the region by 8% YoY.** The rebound in demand supported a 6% YoY expansion in int'l ASK and a 5% YoY increase in int'l passenger traffic in Q3. Domestic ASK growth stood at 12% YoY in Q3 after 28% YoY growth in Q2, as a greater share of capacity was allocated to int'l routes.

Financial Performance

- **Revenues increased by 19% YoY in 3Q26.** Rebounding demand continued to support the pricing actions that were implemented to offset higher fuel costs. Int'l pax yield increased 14% YoY in 3Q26, extending the 2% increase in Q2. Ancillary revenue reached historic high level in Q3 with EUR32.9/pax. **Total RASK rose 12% YoY in 3Q26** (after +2% YoY in Q2)**.**
- Jet fuel prices rose around 85% YoY in 3Q26. Thanks to its strong hedge position, Pegasus limited the increase in fuel CASK to 51% YoY. **In 3Q26, total CASK increased by 17% YoY** (after +28% YoY in Q2)**, CASK non-fuel increased by 2% YoY** (after +13% YoY in Q2)**.**
- **EBITDA** came in at EUR404mn in 3Q26, +2% YoY vs. EUR395mn in 3Q25.
- The **bottom-line** resulted in a net profit of EUR205mn in 3Q26 vs. EUR227 net profit in 3Q25.

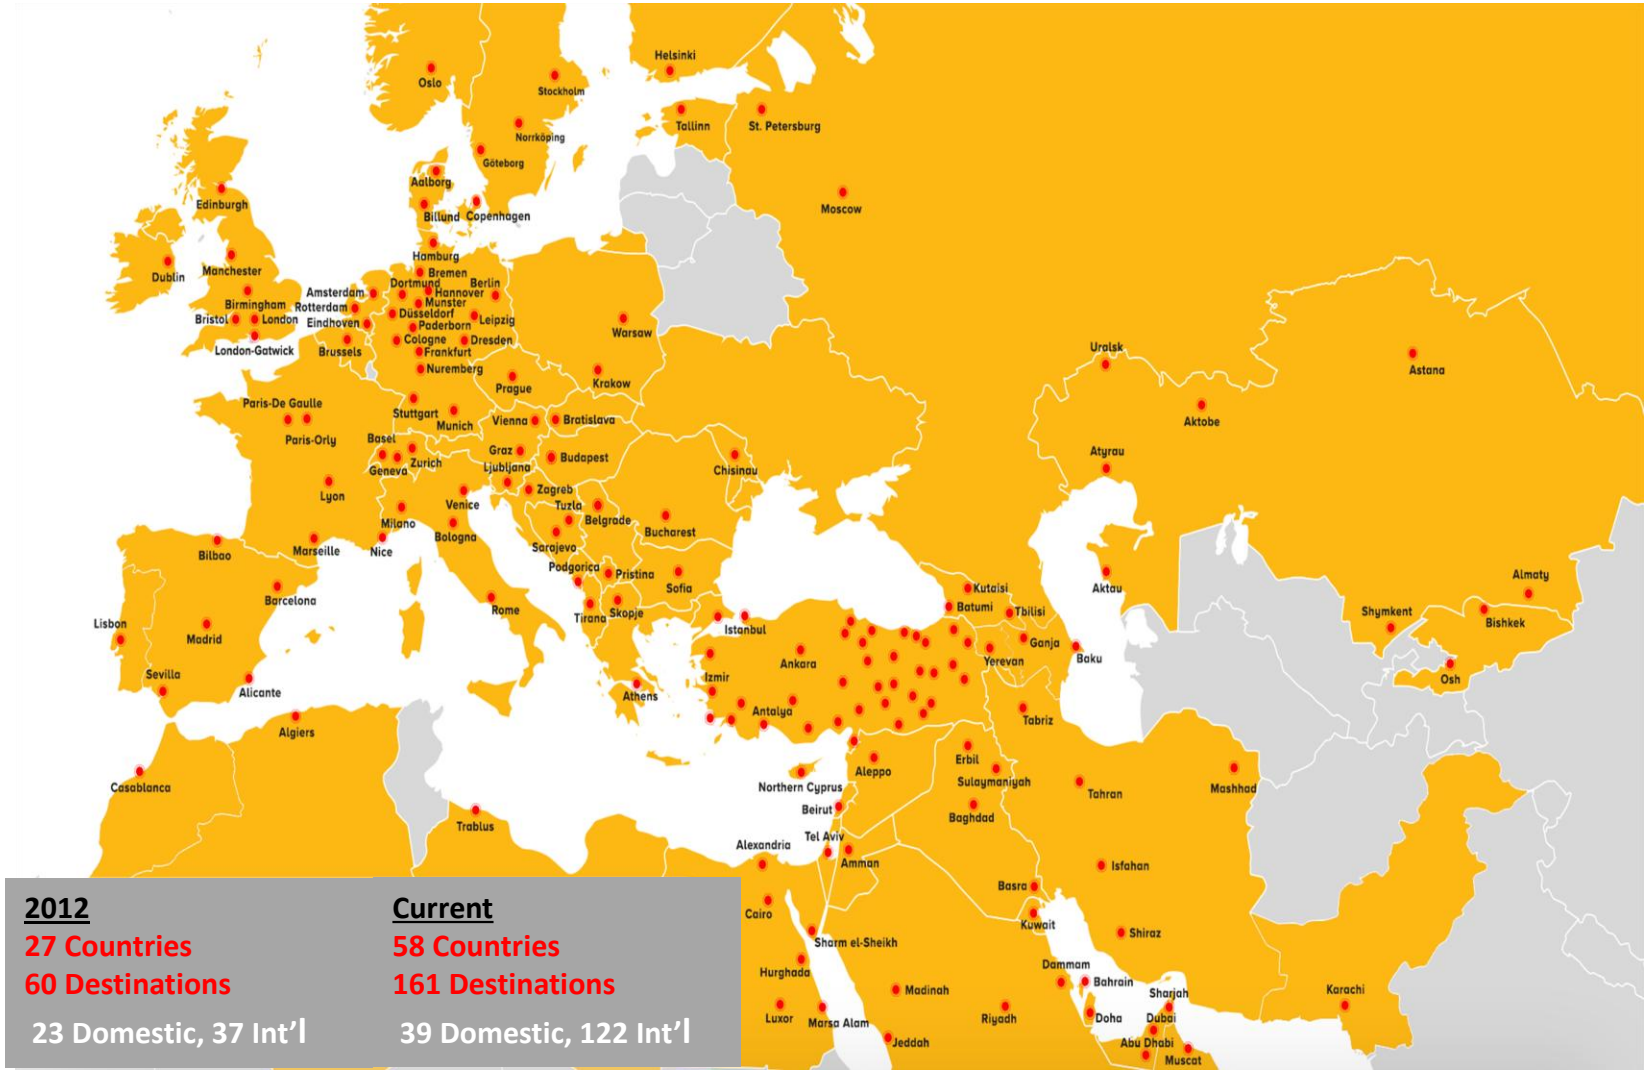

International includes charter

EBITDA: Core EBIT+Depreciation exp.+55% of short term lease expenses

FLEET

Share of new generation aircraft in total seat capacity is at 90%.

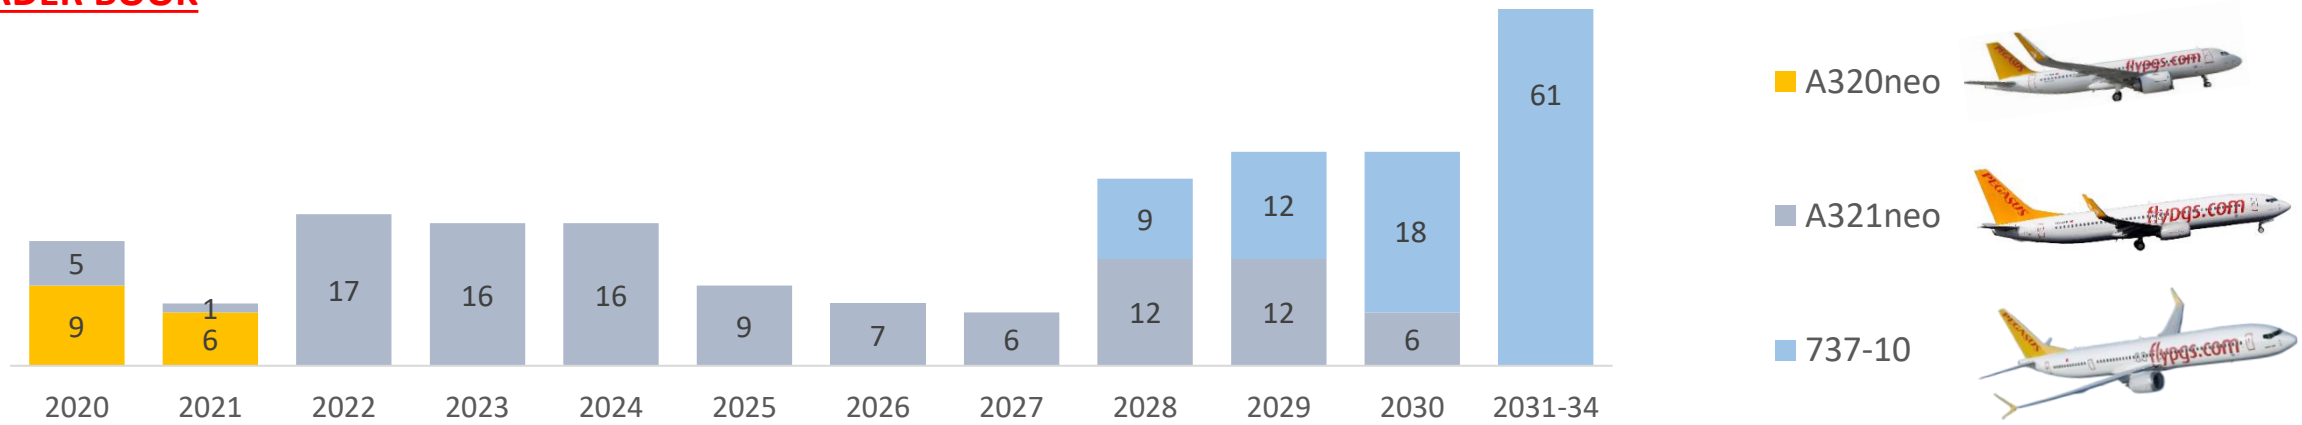

FLEET

FLEET (as of September 30, 2026)

	Owned	Financial Lease	Operational Lease	Total
Boeing 737-800	4	5	0	**9**
Airbus A320ceo	-	-	6	**6**
Airbus A320neo	-	29	17	**46**
Airbus A321neo	-	71	1	**72**
Total	**4**	**105**	**24**	**133**

- Youngest fleet in Türkiye and one of the youngest among LCCs globally: **5.6 years.**
- **42 A320neo (all delivered), 108 A321neo (71 delivered)** and **100 Boeing MAX-10 (deliveries have not started yet)** on order.
- Fleet size is planned to be **132 aircraft** at the end of 2026.
  - ✓ In total, 7 A321neo will be added while 2 A320neo will exit the fleet in 2026.

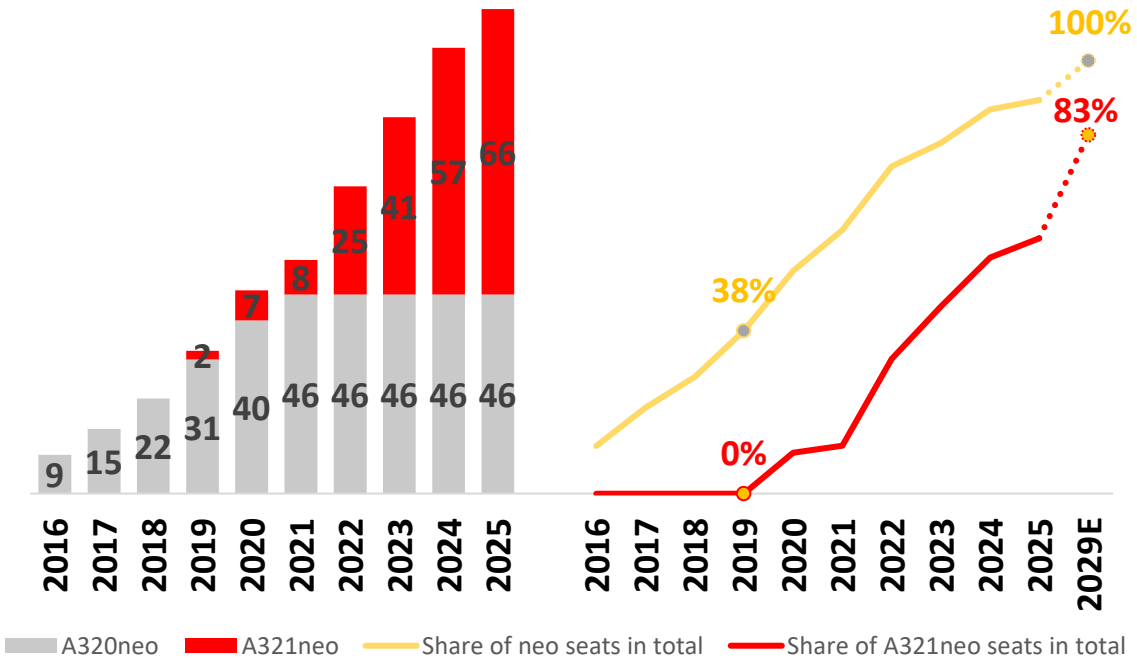

ORDER BOOK

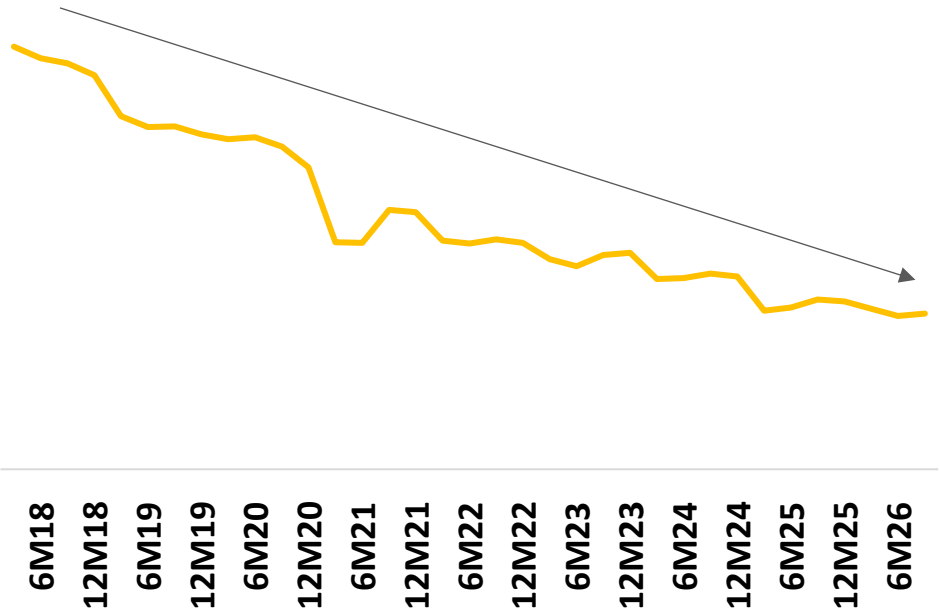

FLEET & EFFICIENCY

Increasing share of Neo seats in total is making significant contribution to efficiency gains.

Evolution of the A320neo and A321neo fleet

Fuel consumption per ASK

- **ACQUISITION OF SMARTWINGS GROUP**

OVERVIEW OF SMARTWINGS GROUP

Flight Network – Smartwings

- **The acquisition of Smartwings Group was completed on October 1, 2026** with a **total transaction value of EUR142.3mn**.
- Smartwings, is the **largest carrier in the Czech Republic** and **among the most established airline groups in Central and Eastern Europe** with its Smartwings and Czech Airlines brands. The airline has 4 AOCs: Czech Republic, Slovakia, Poland and Hungary. The group operates with a **fleet of 45 aircraft** and **a flight network** of **80 destinations in 20 countries.**
- Smartwings had **c.EUR1bn revenues** and **over 20% EBITDAR margin in 2025.**
- The completion of the transaction marks an **important milestone in Pegasus Airlines' international expansion and Smartwings Group's future growth.** This strategic partnership brings together two established aviation businesses with complementary strengths and a shared ambition for long-term growth. **The combined fleet includes more than 175 aircraft,** with significant growth potential based on existing firm orders covering 140 aircraft, already secured by both airlines.

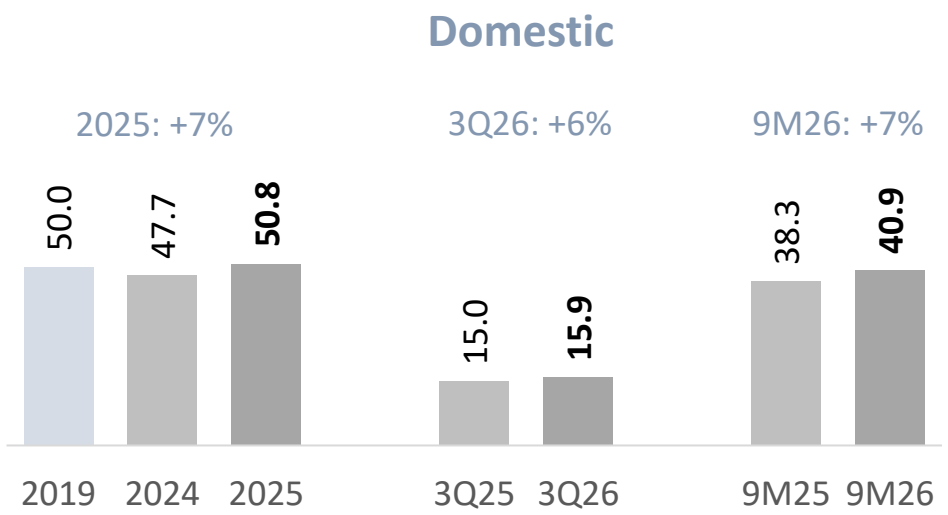

- OPERATING ENVIRONMENT
- P&L + BS DETAILS

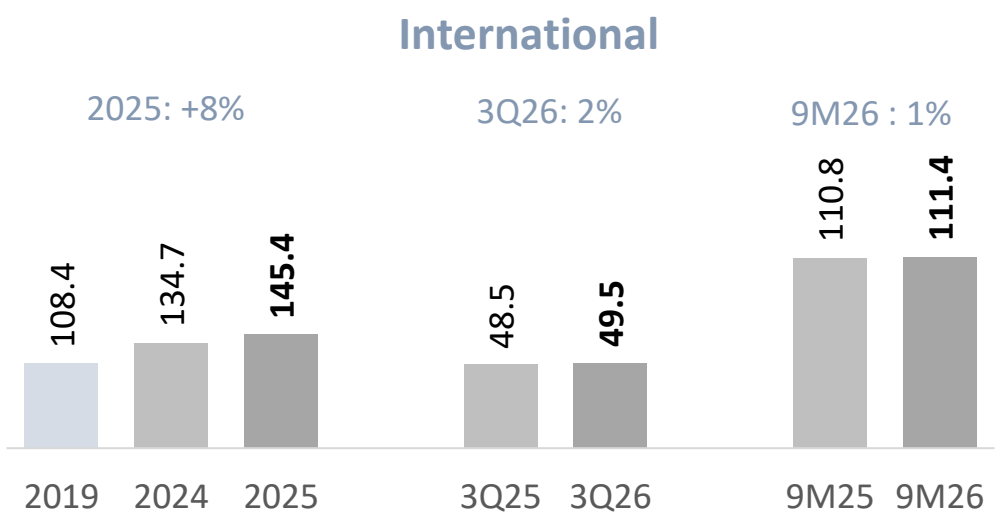

OPERATING ENVIRONMENT

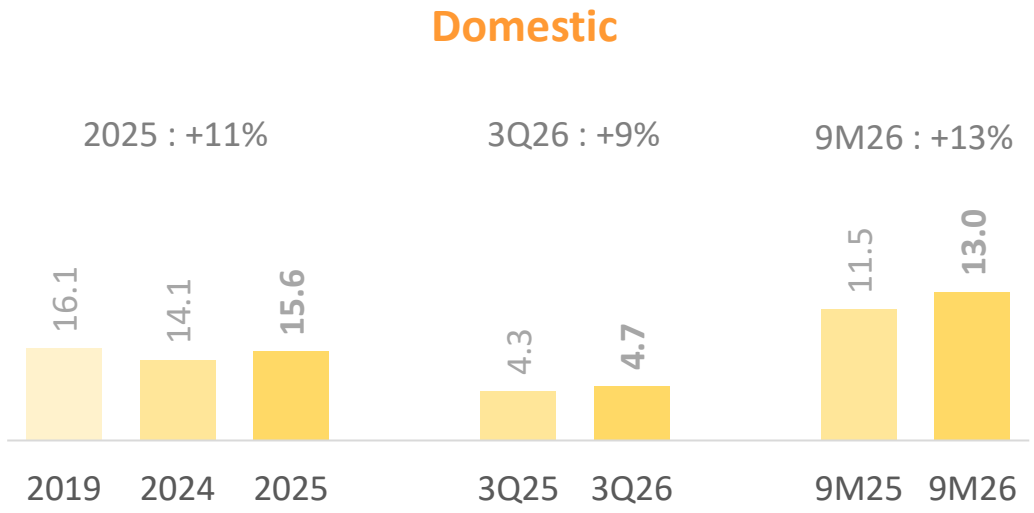

International passengers of Pegasus grew by 5% in 3Q26, outperforming the broader market growth.

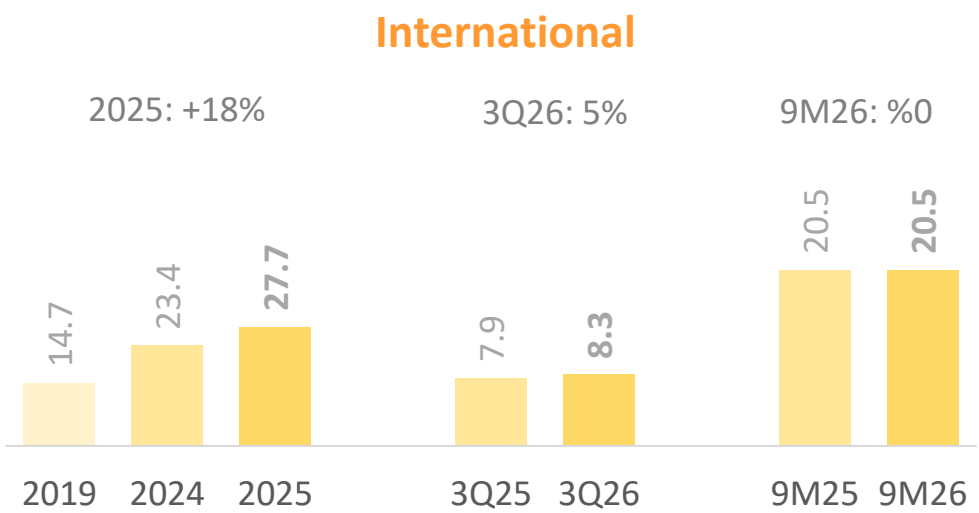

TÜRKİYE PAX. (mn & % chg)

PEGASUS PAX. (mn & % chg)

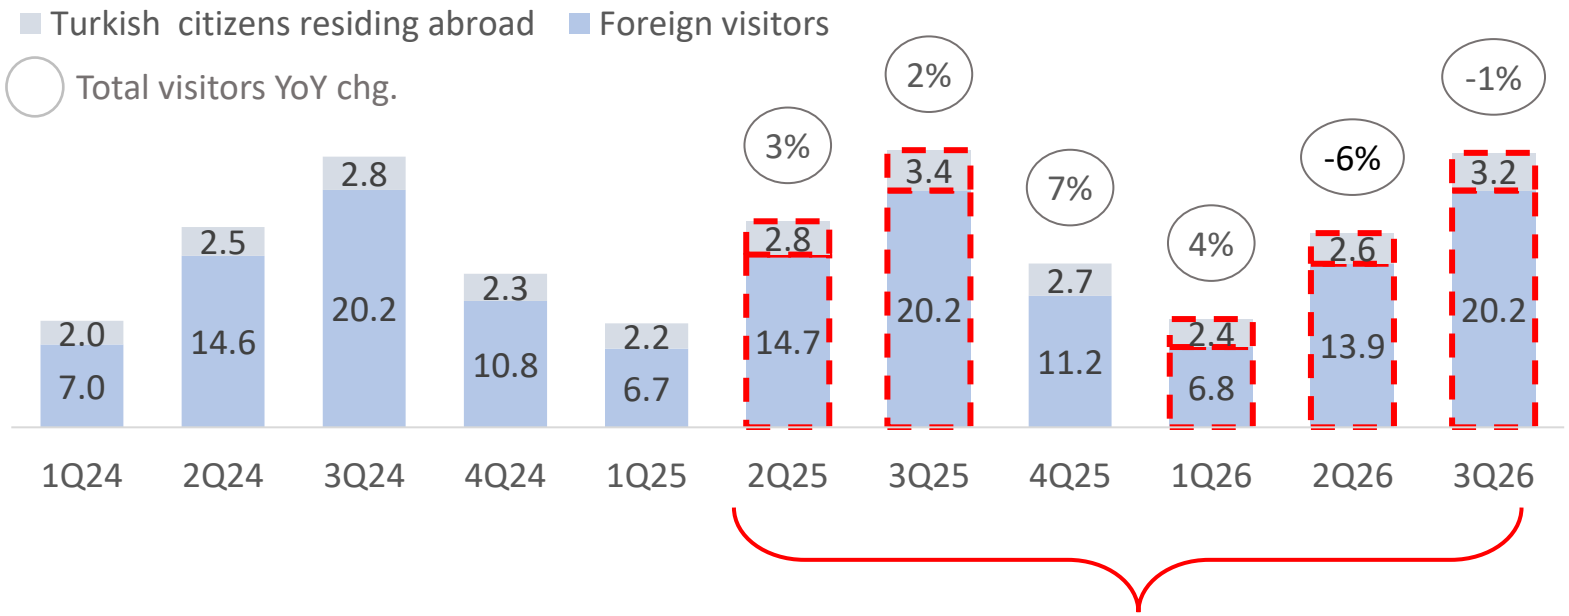

Türkiye passenger data is taken from General Directorate of State Airports Authority, domestic passengers are divided by 2 in order to avoid double counting.
Pegasus figures reflect booked passengers, int'l pax includes charter pax

flypgs.com

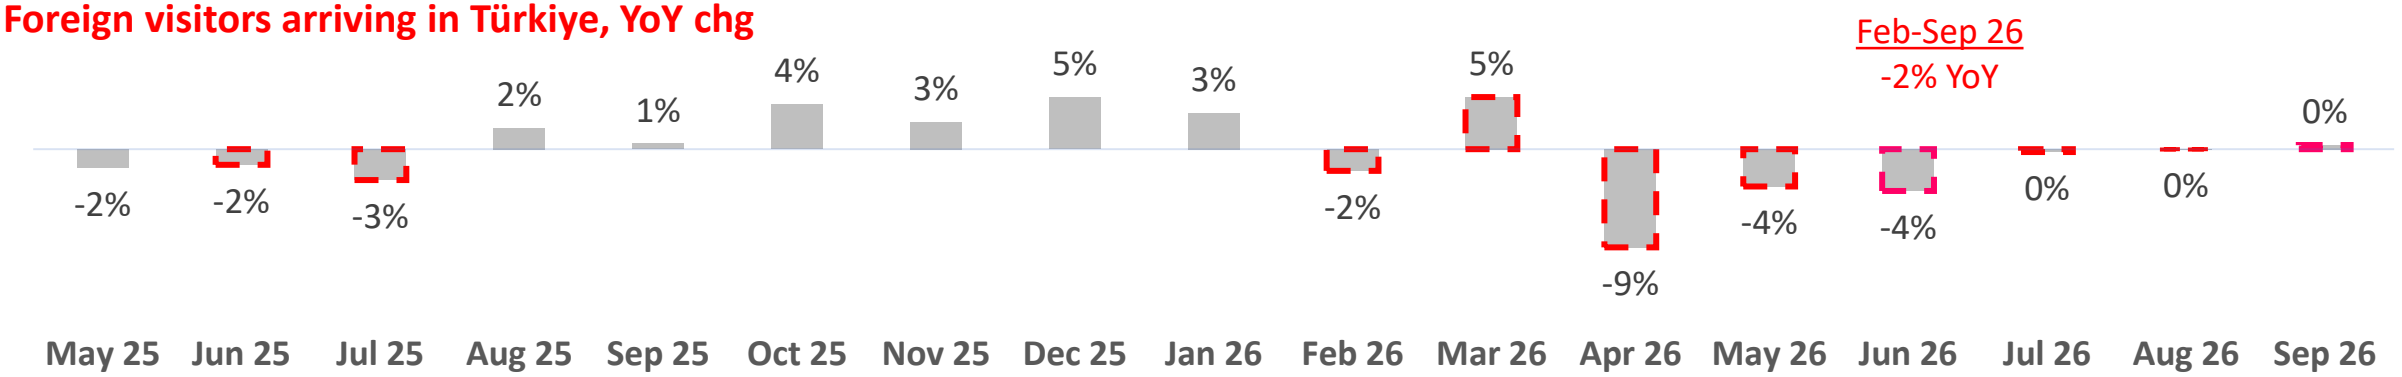

OPERATING ENVIRONMENT

Visitors arriving in Türkiye (mn)

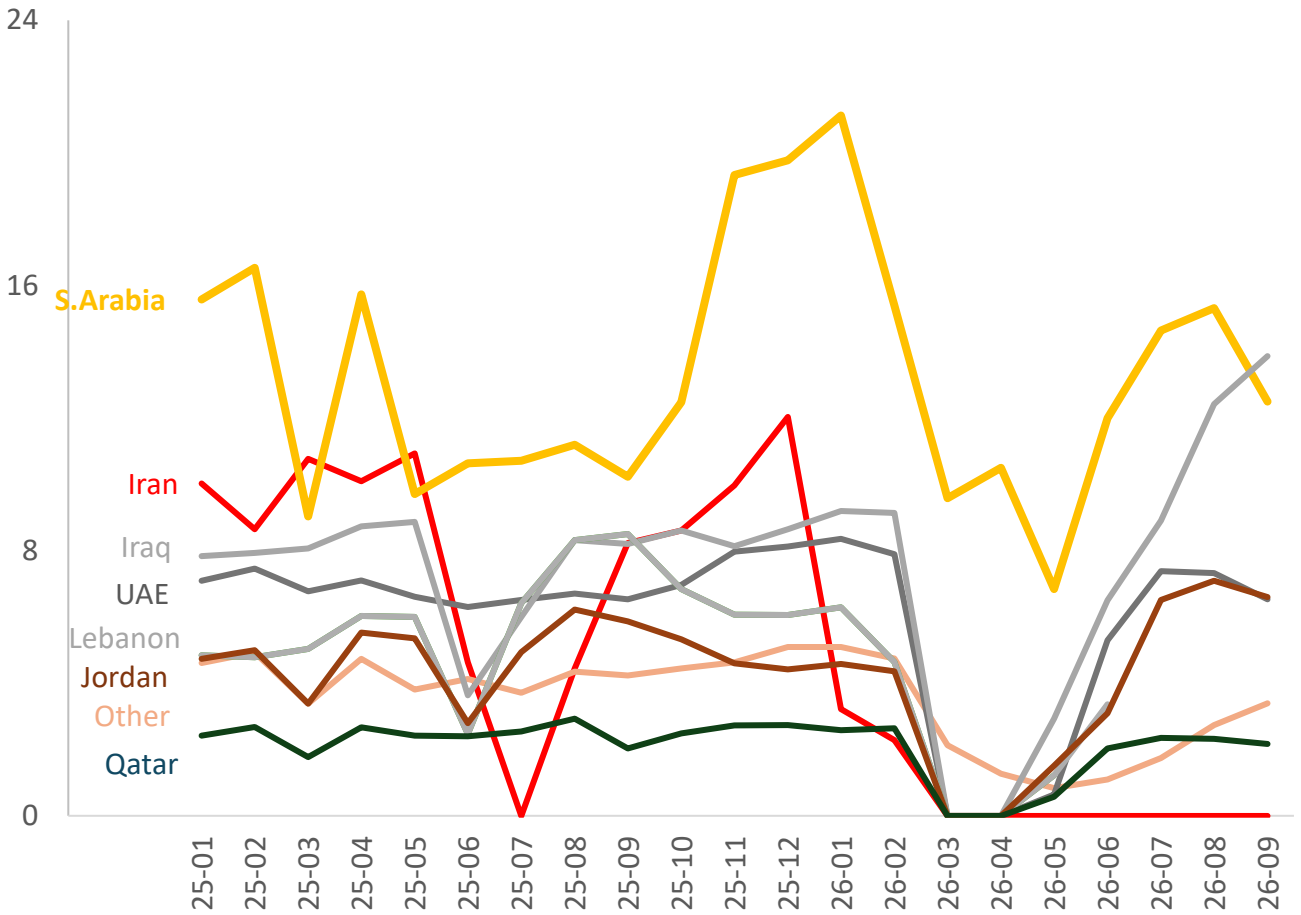

The Middle East conflict has been a key headwind for Türkiye's tourism sector in 2025 and 2026. The adverse impact became particularly evident in 2026. In 2Q26, the foreign visitor arrivals in Türkiye declined by 5% YoY. On the other hand, with the rebound in traveller sentiment, the foreign visitor arrivals improved to a flat performance YoY in 3Q26.

Foreign visitors arriving in Türkiye, YoY chg

OPERATING ENVIRONMENT

M.East destinations: Avg. number of daily cycles operated

- In 2025, Pegasus operated flights to 10 countries in the Middle East: Lebanon, Iraq, Iran, the UAE, Qatar, Kuwait, Bahrain, Saudi Arabia, Jordan, and Oman. **The Middle East** accounted for 12% of total ASK and **15% of international ASK in 2025.**
- Flight operations to the Middle East were **largely suspended at the end of February 2026.** The operation **gradually resumed** beginning in the first week of **May 2026** and demonstarted a fast recovery.
- **In 3Q26,** our total capacity (on a like-for like basis) in **the Middle East** was **7% above the prior-year level.**
- In 2Q26, Pegasus launched a **new route** in the region to **Aleppo, Syria**, with flights commencing on 9 June 2026.

Other: Kuwait, Bahrain, Oman

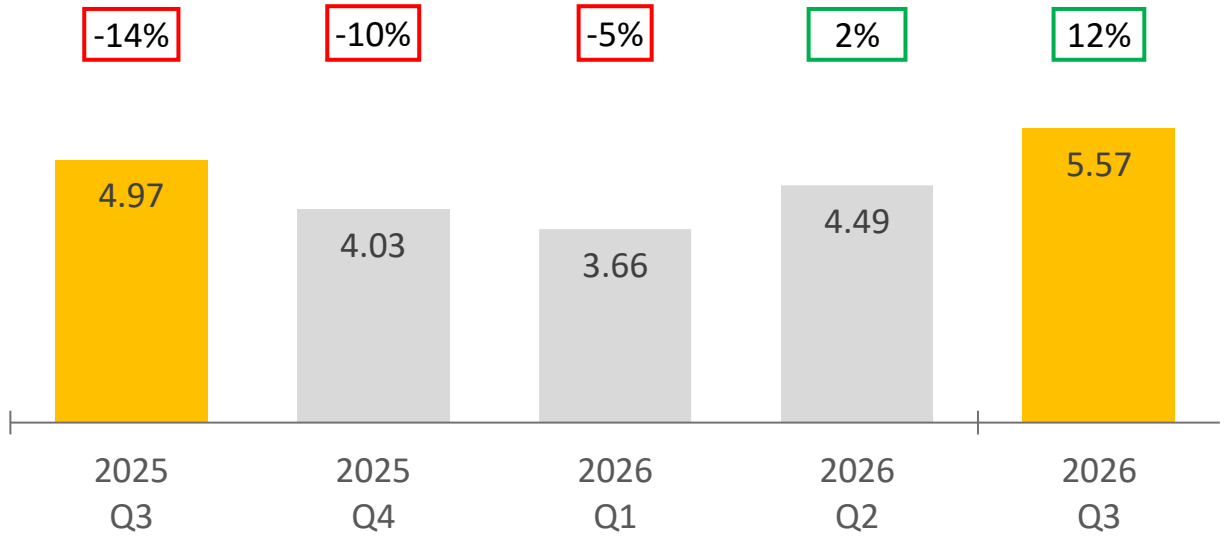

REVENUES

Total RASK increased by 12% YoY in 3Q26, supported by the strong passenger yield performance.

Net Debt: Cash & equivalents + PDP/2 – Bank loans – Leasing liabilities
Cash & equivalents include short and long-term financial assets

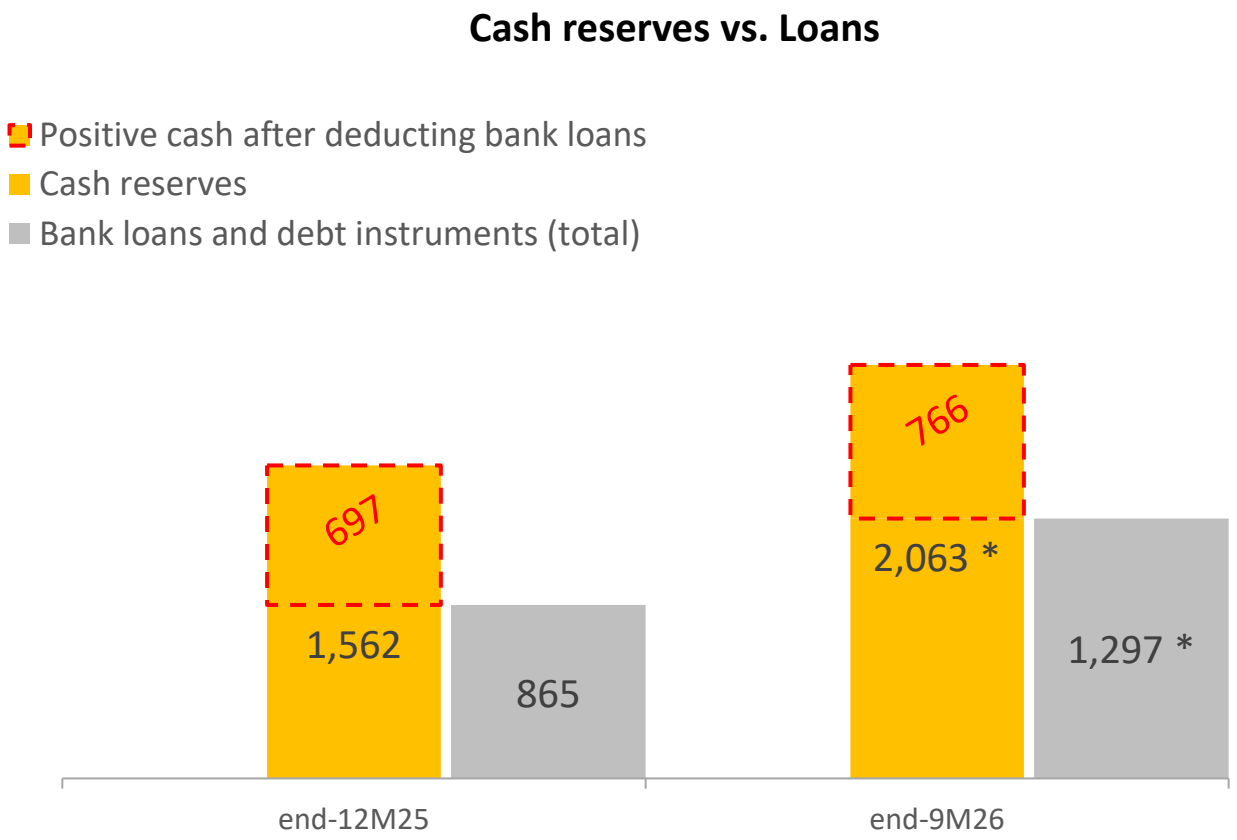

** Cash&equivalents and loans include a EUR131mn M&A financing raised for the Smartwings acquisition. The acquisiton was completed on October 1st, resulting with EUR142mn cash outflow.*

Breakdown of cash and financial debt

CASH RESERVES

Positive cash reserves are at EUR766mn as of the end of September 2026.

- *Cash reserves include short and long term financial assets.*

➢ Total cash reserves stood at EUR2.06bn at the end of September 2026, compared to EUR1,562mn at 2025-end.

➢ Positive cash reserve after deducting total short and long term bank loans (excluding the project finance loan raised for the hangar investment and debt financing associated with the acquisition of spare engines) and issued debt instruments is at EUR766mn as of the end of September 2026.

** Cash reserves and loans both include a EUR131mn M&A financing raised for the Smartwings acquisition. The acquisiton was completed on October 1st, resulting with EUR142mn cash outflow.*

HEDGING & RISK MANAGEMENT

Fuel hedge ratio is at 35% for 2027.

HEDGE VOLUME AND PRICE

	2026FY	2027FY
Hedge Ratio	67%	35%
Brent Price, $	65-71	62-71

As of September 30, 2026

HEDGE STRATEGY

- Non-discretionary portion is limited with 50% at any annual budgeting period, which is executed regardless of the price levels utilizing layered-hedging strategy.
- Discretionary portion is up to 20% of any annual budgeting period pursuant to the approval of Hedge Committee.
- Hedging tenor for non-discretionary portion is 24 months.
- **Instruments**: Vanilla Call Options, Zero Cost Collars and Swaps

RISK MANAGEMENT POLICY

- Currency Risk Hedge Program to weather exchange rate fluctuations.
- 100% international ticket revenues which are filed in US$ but collected in TRY, EUR and GBP as well as up to 25% of domestic ticket revenues collected in TRY (if required) are converted to US$ in daily spot market.

SUSTAINABILITY (ESG) UPDATE

Moving towards a **cleaner** future

PEGASUS The Path To Net Zero

We continue to focus on our emissions intensity performance towards our 2030 target of reducing emission intensity by 20% (to 52.1) compared (65.1) to 2019. Our performance **in the first nine months of 2026** was **57.1 grCO2/RPK**. Our 2026 performance was negatively affected by the challenges caused by the Middle East War between March and May but a strong operational performance in Q3 improved our emissions intensity performance compared to 2025 as at the end of September.

Moving towards an **equal and harmonious** future

#harmony

We continue our diversity, equality & inclusion initiatives under our **Harmony Program**, in line with our **United Nations Global Compact** commitment of «**Forward Faster 2030 for Gender Equality**». Numerous initiatives are in place and are being further developed to Support Women's Leadership in the Workplace, Equal Pay for Work of Equal Value, Establishing Inclusive Working Environments Welcoming Diversity & Personal and Professional Growth for Employees with Positive Impact on our Business.

Moving towards a **better** future **together**

#HereForYou

We continue our workstreams with stakeholders across the value chain for more visible and wider impact and will participate at the 31st UNFCCC Conference of the Parties (**COP'31**) in Antalya, Türkiye in November 2026, with a view to demonstrate our commitment to collaborative action towards the implementation of the UN Sustainable Development Goals.

Moving towards a **sustainable** future

DISCLAIMER

This document is prepared by Pegasus Hava Taşımacılığı Anonim Şirketi ("**Pegasus**") in accordance with the Pegasus Information Policy. The information covered in this document may be based on Pegasus corporate records, its own internal research and estimates based on the knowledge and experience of the markets in which it operates, or industry, market and similar data procured from third parties as indicated in the document. While Pegasus believes that third party data has been obtained from reputable sources it does not independently verify such data or commit to any undertakings regarding the completeness or accurateness of such data or such data not being misleading.

The data contained in this document aims to inform intended recipients of the operational results, targets and expectations of Pegasus in a correct and transparent manner and on equal terms and does not intend any investment advice or any offer or solicitation in connection with securities issued by Pegasus. Investors must make their investment decisions based on all other information, events and circumstances available through different channels and that may affect their investment decisions.

Investor communication prepared by Pegasus may contain forward-looking statements, including targets or expectations. These forward-looking statements may be disclosed as targets or expectations or through expressions such as "*anticipate*", "*believe*", "*estimate*" or "*expect*" or using the future tense. Forward-looking statements may relate to the operational and financial performance of Pegasus, its growth and strategies or future plans and targets of Pegasus Management. Forward-looking statements relate to matters that have not yet realized. While forward-looking statements are based on reasonable assumptions and estimates, such statements are prone to uncertainty and risks and such statements reflect the targets and expectations valid as of the date of announcement. Many factors could cause the actual results to be materially different from targets and expectations expressed by such forward-looking statements.

In the absence of any legal obligations arising from the applicable capital markets law, Pegasus does not undertake to update, keep up-to-date or to periodically review the information contained herein, including any forward-looking statements. By using this document for any purpose, you are deemed to have read, understood and accepted the warnings stated in this disclaimer.

We didn’t start aviation in Türkiye,

but we transformed it!
